Professional Summary

Full Stack Developer specializing in backend systems and real-time architectures. Experienced in building scalable, production-ready web applications using Node.js, Express.js, React.js, MongoDB, and Redis. Strong in REST API design, authentication (JWT, OAuth 2.0), and concurrency handling.

Technical Skills

Languages	Java, JavaScript (ES6+)
Backend	Node.js, Express.js, REST APIs, JWT, OAuth 2.0, WebSockets
Frontend	React.js, HTML5, CSS3
Databases	MongoDB, Redis
Tools	Git, GitHub, Postman, Vercel
Concepts	Data Structures & Algorithms, OOP

Projects

StudyNotion – EdTech Platform (Full Stack) 2025

- Architected a scalable full-stack EdTech platform supporting course purchases and instructor onboarding.
- Implemented secure JWT-based authentication with OTP verification, reducing unauthorized access.
- Integrated Razorpay payment gateway with webhook validation for reliable transaction processing.
- Built Cloudinary-based media pipeline for optimized storage and fast content delivery via CDN.
- Designed modular REST APIs using MVC architecture for maintainability and scalability.
- Deployed on Vercel with environment-based configuration and CI/CD workflows.
- **Live:** study-time-final-frontend-app.vercel.app
- **GitHub:** github.com/gaurav-prasad-dev/Study-time-final

Event & Movie Booking Platform (Full Stack) 2025

- Developed a real-time seat booking system handling concurrent users with dynamic availability updates.
- Engineered Redis-based distributed locking to eliminate race conditions during peak traffic.
- Integrated Socket.io for real-time seat synchronization with low latency.
- Built QR-based ticket generation system with automated email delivery using Nodemailer.
- Implemented OAuth 2.0 (Google) and multi-channel authentication (email/phone).
- Applied modular backend design and testing practices for reliability and scalability.

Education

Bachelor of Computer Applications (BCA)	SAGE University, Indore	CGPA: 7.8 / 10
---	--------------------------------	----------------

Achievements & Leadership

- Event Coordinator – SAGE Euphoria (2024, 2025): Managed logistics and operations for 500+ participants.
- Built and deployed two full-stack production applications demonstrating industry-ready skills.
